

CustomFit™ Flanges X-Large/ XX-Large

Contents

X-Large Flange 32.5mm
XX-Large Flange 36mm

Consumer Driven Benefits

- Research has shown 1/3 or more new mothers pump more comfortably and effectively with a larger flange
- Custom Breast Flanges replace standard (25mm) flanges included with most Ameda pumps and kits
- Each box includes two flanges and two inserts – so there is less chance of buying the wrong size
- Available in 36mm with 32.5mm reducing insert and in 30.5mm with 28.5mm reducing insert
